

M's Wine list has been constantly evolving since we first opened in January of 1999; the 2017 edition sees a change in how we present our list. Whilst we are in many way traditionalists at heart, we feel a traditional approach to the wine list doesn't do this selection justice; the world of wine is changing fast. There are quintessentially Elegant Styles made in the New World and Blockbusters in the Old, we aim to guide you on your selection via the structure of our list. Whilst the stylistic approach helps guide you, we also understand that your budget frames your selections too, hence each section is presented in ascending order of price. We hope this list brings you a satisfying and broad range of wines across the spectrum of comforting favourites and some off the beaten track discoveries too.

Marcus Ford led our wine programme from 1999 to 2009 and we are delighted to have him back consulting on our wine list from this winter edition onwards. Widely recognized as China's first sommelier (although he would never claim that title) he is a leading figure in the world of wine in China, a frequent wine judge in the region and a trusted palate for both M and a legion of customers that his retail businesses now serve in both China and Hong Kong.
